**The SAS levy to continue through 2005.**

---

SAS Council must advise all member Clubs that it has no option but to continue with the levy system of raising SAS finance in the year commencing April 2005.

SAS has requested member information to back up a considerable amount of effort by individuals who have been investigating more equitable ways of raising fees and providing members with value for money.

The Clubs' failure to provide such information and by the dates requested, means that there is insufficient time left in the current financial year to allow for the investigative process to be finalised and voted on by Clubs in time to introduce any possible new system by the start of the next financial year. As a result, the existing levy will be continued through 2005.

Clubs were asked for their cooperation in investigating an alternative as mandated by the Clubs, and this would have been put to the vote before acceptance. The lack of response by all but two Clubs does not justify continuing the investigation at this stage. The matter will be held in abeyance until such time as members actively support such efforts.
