**To all Commodores and Chairmen of Sailing,
South African Sailing – Western Cape Clubs.**

CAPE SAILING CIRCUIT

It is with much enthusiasm and after much concerted effort by all Member Keelboat Club delegates to this Committee, that we announce the re-establishment of the Cape Sailing Circuit.

The Circuit will comprise the following events:

- Table Bay Sailing Week,
- Mossel Bay Race,
- Mykonos Offshore Race
- Admiral's Regatta,
- Sedgwick Regatta

The winner of the Circuit will be determined by the cumulative points scored by IRC entrants in all of these above events after the worst result recorded has been discarded. In keeping with the Scoring System utilized in all the above events, the RRS A4 – Low point Scoring System will be used in calculating results.

All competitors entering the IRC Division will automatically qualify for the Circuit.

Much time and effort are being expended towards revitalizing Keelboat racing in the Region, including the re-structuring of the Double Cape Race. Any and all inputs with regard to this event will be greatly appreciated.

Please make this communication widely available to all Club Members.

Kind regards,

Dale Kushner,
Chairman, Keelboat Committee.
